****This program is not designed to assign children to a class.....we will be doing that on the Monday or Tuesday after you register. All of the registrations come to us with a time stamp and will be placed into classes according to the time stamp. Therefore, you will not know your child's class assignment until you are notified by the office within a day or two after registration. We will send a letter to you letting you know the class he/she was assigned to. If you are assigned to your 2nd choice because your 1st choice was full, you will be placed on the waiting list for your 1st choice. If you register before your correct date, you will not be placed into a class.
